

Khulna University of Engineering & Technology
 UGC Funded Project
 Fiscal Year 2010-2011

SL. No.	Name & Designation of the Teacher.	Research Title (Tentative)
01.	Dr. Mohammad Abu Yousuf Professor Department of Chemistry	Portable Disinfectant for House-hold Water
02.	Mr. Md. Salah Uddin Yusuf Assistant Professor Department of EEE	A New Mode Selection Technique for Fast H.264 Video Encoding
03.	Dr. A.N.M. Mizanur Rahman Professor Department of ME	Development of Wood Preservation System Using Full-cell Pressure Process
04.	Dr. A.R.M.J. Jamali Associate Professor Department of Mathematics	Iterated Local Search Approaches for Optimal Latin Hypercube Designs.
05.	Md. Abdullah Elias Akhter Associate Professor Department of Physics	Impact of Bogus Vortex for Track and Intensity Prediction of Tropical Cyclone Over the Bay of Bengal
06.	Dr. Mohammad Mashud Associate Professor Department of ME	Development of a High Performance Wind Turbine
07.	Dr. Quazi Hamidul Bari Professor Department of Civil Engineering	Effect of Height of Porous Media on the Production of Distillate from Column Type Solar Desalination Unit
08.	Dr. Md. Abdur Rafiq Associate Professor Department of EEE	Quantum Evolutionary Algorithm Based Fast Speed Response Induction Motor Drive

SL. No.	Name & Designation of the Teacher.	Research Title (Tentative)
02.	Mr. Md. Salah Uddin Yusuf Assistant Professor Department of Electrical and Electronic Engineering	A New Mode Selection Technique for Fast H.264 Video Encoding
03.	Dr. A.N.M. Mizanur Rahman Professor Department of Mechanical Engineering	Development of Wood Preservation System Using Full-cell Pressure Process
04.	Dr. Abdur Rakib Muhammad Jalal Uddin Jamali Associate Professor Department of Mathematics	Iterated Local Search Approaches for Optimal Latin Hypercube Designs.
